### **TREASURER:**

Steve Alford

### **In this month's issue:**

—Last month's meeting

—Agenda for next meeting

This Month's Meeting will be on

September 20 @ Firehouse #14

1875 Dunlin Blvd. 80918 , from 7 to 9 pm

## **Last Month's Meeting**

In our last month's meeting our topic of discussion was deciduous trees. The topic was lead by David Kuntz who was gracious enough to share this topic with us.

Deciduous means "falling off at maturity" or "tending to fall off", and it is typically used to refer to trees or shrubs that lose their leaves seasonally (most commonly during autumn) and to the shedding of other plant structures such as petals after flowering or fruit when ripe.

## **Next Meeting**

In our next meeting Steve will be showing us how to wire our trees. Feel free to bring any of your trees that need to be wired that you can practice on, Steve will supplying the wire. If you are interested in learning the proper way of wiring your trees, please attend the meeting this month.

## CALENDAR OF EVENTS 2016

**September :** Proper way on wiring trees

**October:** To be announced

**November:** To be announced

**December:** Christmas party, no meeting this month
